# Bird watching Tour in Nepal - 0 Days

Bird watching tour in Nepal offers an exquisite experience for all bird lovers and enthusiasts at a reasonable cost. Get ready with your binoculars to see the varieties of bird species. Because of the geographical variation from sea level to the top of the world, Nepal is the home of more than 850 species of local and migrating birds. The major bird-watching tour in Nepal destinations is Phulchowki hill near Kathmandu city, Koshi Tappu wildlife reserve, Chitwan national park, and the Bardia National park.

Phulchowki is an ideal place to start our ultimate bird-watching tour in Nepal. The spectacular views of the Himalayas will add an extra delight along with spotting various species of birds. In Kathmandu, only more than 50 species of birds have been spotted. The birds like minivets, flower pickers, rosefinches, flycatchers, wood packers, Nepali parrot, laughing thrush, classic dove, and unusual cuts are recorded at the Phulchowki hill. Chitwan national park, the world heritage site, Koshi Tapu wildlife reserve, and Bardia National Park are the other premium bird-watching destinations in Nepal. The commonly seen birds in the lowlands of terai region are eagle owl, water cock, Bengal floricans, Nepal rufous vented prinia, white-tailed stonechat, and cuckoo, etc.

Many travelers from all around the world visit Nepal to immerse themselves in the birdy world. You can too get captivated by the stunning views of a wide variety of birds in our Nepal Bird watching tour in Nepal.
