Zip Flyer in Nepal - 0 Days

Zip flyer in Nepal is a newly introduced adventurous activity at paradise city Pokhara. You will travel on a zip line which is 1800 meters long while dropping about 2000 feet vertically at maximum of 120 kmph speed in 2 min of ride time. This Zip flyer in Nepal at Pokhara has an exciting drop coupled with a smooth sailing ride above the river, dense forest below alongside stunning views of picturesque landscapes and snow capped Himalayan ranges of Annapurna region including Machhapuchre and other neighboring peaks. This is one of the tallest, longest and steepest zipline in the whole world organized by High Ground Adventures.

Zip flyer in Nepal has become the most popular adventurous activity among domestic and international tourists in short period of time. You can also feel the ultimate thrill of free falling at Nepal's first tower bungee point at Pokhara. All of these infrastructures and systems are designed with most advanced technologies and comply with ASTM and TUV standards. Therefore you can feel 100 % safe while experiencing an adventure of Zip flyer in Nepal.

Zip flyer in Nepal can be experienced during any time of the year. Also please be noted that participants older than age 12 and weight between 35 and 125 kilograms are eligible for zip flyer in Nepal. It would be a best option if you would join this zip flying in Nepal after experiencing trekking in Nepal with Icicles Adventure Treks and Tours.
